Katie,
Here are my proposed edits. Can we plan to talk Friday morning at 9 am?

No thanks, I'm using your clean version, and making some edits using track changes. I'll send you my edited version later today by COB. Maybe we can schedule some time later this week to talk, if you have any questions or concerns about my suggestions.

Do you want the version with the 'track changes' feature? I just sent you a clean version.

Hi Dan,

Attached is the final draft PER Inspection Report. There are a couple comments for you. My only overall comment is that Word spaces the document correction with one space after the period. Typewriters required two spaces after a period but the proper format for Word documents is one space following a period. I found that in the template and corrected it throughout.

-Katie
